DRIVER HELD FOR COURT IN AUTO DEATHS

John P. Blazetic Jr., 24, Carlisle, was held for May court under bail of \$2,500 on charges of involuntary manslaughter and drunken driving following a hearing Tuesday before Second Ward Alderman H. Gellard Fickes, York.

The charges resulted from a two-car collision February 8 at about 11 p.m. that took the lives of Mr. and Mrs. Paul R. King, York Springs R. 1, rear-seat passengers in a convertible driven by Mrs. Jean G. Myers, 40, Dillsburg R. 1, sister of Mrs. King.

The Kings' 15-year-old son, Paul R. Jr., was the front-seat passenger.

The accident occurred on the Carlisle Rd. just north of the Gettysburg-Harrisburg Rd. when the Blazetic car struck the Myers car in the rear.

DRIVER "BABBLER"

Young King testified that his aunt's car was traveling from the Williams Grove Rd. toward Rt. 74 and Dillsburg. He said they saw a car sitting alongside the road, facing them, at a stop sign near the Williams Grove Rd.

The car made a U-turn and followed the Myers car onto the Carlisle Rd., King testified. Near the railroad tracks the other car tried to pass the Myers car but side-swiped it instead, King said.

The Myers car pulled over and the occupants tried to talk with the driver of the other car but "I couldn't make out what he said," King testified. He agreed with the defendant's attorney, Richard P. Noll, that the defendant was "babbling."

ODOR OF ALCOHOL

King said the persons in his car decided to go to Dillsburg and report the incident to the chief of police. But before they got there, their car was struck from the rear by the other car.

Both King and Mrs. Myers testified they remember nothing except seeing the lights of the other car behind them before the collision.

QUICK CALL GENERATOR SWITCH OK'D

The Adams County commissioners Tuesday gave approval for a transfer of emergency generators between the engine house and the Quick Call transmission station on E. Cemetery Hill.

Scheduled to cost the county less than \$200, the transfer involves the switch of a smaller generator now at the engine house for a large generator at the transmission site.

The second generator was purchased from Army surplus under Civil Defense arrangements at the time the transmitter site was moved to E. Cemetery Hill.

Both generators are designed to run on bottled gas, thus will operate in emergencies even if all electric and gas power were cut off. The present generator at the engine house provides sufficient power when all other power sources are cut off to operate the radio set up and provide one dim light. By moving the larger generator to the engine house additional power will be provided to permit additional lights there and meet the needs of radio transmission for the Quick Call Center, the commissioners were told.

The transfer, Civil Defense Director William G. Weaver reported, will comply with Civil Defense directives in the matter.

Notice was given that the drawing for positions on the ballot will be held March 7 at 9:30 o'clock. Candidates, who wish, may report to the courthouse at that time to draw lots for themselves or the lots will be drawn by clerks in the absence of the candidates.

Permission was given by the commissioners to the Gettysburg Travel Council to use the county home land for a Wally Byam tour here June 20 and 21. About 50 car trailers are expected to be here in the trailer tour.

TO AID TAXPAYERS

An agent of the Internal Revenue Service will be at the Gettysburg post office, second floor, every Monday from 8:30 a.m. until 5 p.m. for the purpose of assisting taxpayers with their returns. The agent will be here from next Monday through April 13.

DIVORCE ACTION

Romaine I. Hull, York, has filed suit for divorce in York from Sterling Hull, Taneytown.

Hoover Strong Despite Illness

NEW YORK (AP)—Former President Herbert Hoover remains "strong and alert despite his age and illness," and his kidney bleeding has stopped, his doctors report.

The latest medical bulletin, issued Tuesday night, said that Hoover, 89, had spent "a rather restless day due to respiratory breathing difficulty."

"His temperature is lower. His blood pressure remains normal. His heart beat is somewhat rapid, but the rhythm is normal and there is no evidence of heart failure," said the bulletin from Hoover's hotel suite at the Waldorf Towers.

There were no immediate plans to move the nation's 31st president to a hospital.

The announcement Tuesday that Hoover was seriously ill followed by 18 months an operation he underwent at Columbia Presbyterian Medical Center to remove a cancerous tumor from his intestinal tract.

PROTECTIVE ASSOCIATION BEING PLANNED

All persons residing within seven miles of Greenmount are invited to attend a meeting on air pollution to be held tonight at 7 o'clock at the Greenmount Fire Hall, John Gehrm, Gettysburg R. 2, announced this morning.

The meeting, he said, is designed to "inform the residents of the air pollution caused by the Gettysburg Foundry Specialties Co." Such pollution, he said, extends over a seven-mile radius.

Dangers of poisonous chlorine gas and vaporized chlorine will be discussed, he said, by speakers from the Seven Stars area and invited members of the medical profession. County, township and fire department officials have been invited to the meeting, he said.

TWO POLLUTION SOURCES

Gettysburg, Gehrm said, is receiving pollution from aluminum plants at Seven Stars and at Greenmount.

He also said damage to "crops, soils and water supplies" caused by chlorine "will be demonstrated."

Gehrm said efforts will be made tonight to organize a "Southern Adams County Protective Association" designed "to make an effort leading to abatement of air pollution and protect our area against permanent water and soil damage."

Gehrm who has also been active in the efforts to halt emission of fumes from the Hercules Alcol Plant at Seven Stars, said, "It is also believed that these chemical fogs which result from pollution are a traffic hazard."

TWO ARRESTED AFTER CRASH

Two Adams County men were held in the Franklin County jail, Chambersburg, both of them accused of driving an automobile Monday night while under the influence of intoxicants.

It was an unusual set of circumstances which resulted in the arrests of John B. Reese, 22, Iron Springs, and Homer Seymour Bobo, Fairfield R. 1, according to state police at (Continued on Page 3)

Use Bare Hands, Shovels To Rescue 2 Men Trapped In A Cave-in On Tuesday

By PAUL ZDINA
JOHNSTOWN, Pa. (AP)—Rescue workers digging through tons of debris with their bare hands and shovels saved two miners who were trapped by a cave-in Tuesday in a coal mine in nearby Barnesboro.

The two men, trapped by a rock slide about 400 feet beneath the surface of the Barnes & Tucker Coal Co. No. 15 Mine, were brought to the surface within nine hours.

Joseph Chilla, 48, brought out first, and his companion, William Prandi, 47, both of Barnesboro, were listed in satisfactory condition at Miners Hospital in Spangler.

ROOF CAVES IN

Both men, their faces covered by a thick layer of coal dust, were taken to the hospital shortly after removal from the mine. At the hospital they talked briefly.

"The roof caved in and pinned me," Chilla said. "I had enough

SCHOOLS WILL CLOSE FRIDAY FOR WORKSHOP

The Gettysburg branch of the Pennsylvania State Education Association will conduct its annual Workshop Day on Friday and all public schools in the Gettysburg Joint School District will be closed for the day.

The entire school faculty, about 164 persons including the staff of the Franklin Twp. Elementary School at Cashtown, will board buses at 8 a.m. Friday at the junior high school parking lot for a day of sight-seeing in Harrisburg.

The morning will be spent in the state Department of Public Instruction in Harrisburg and the afternoon will be spent in the PSEA state headquarters building in Harrisburg.

PLANNED BY COMMITTEE

At Harrisburg the teachers will have an orientation session at 9:30 o'clock in the DPI building with Warren E. Ringler, director of program leadership and development services. Fifteen-minute periods during the morning will be devoted to such topics as school finance, retirement highlights, National Defense Education Act, new certification regulations and special education with DPI officials presenting those subjects.

At 11:30 o'clock the teachers will divide into seven groups for discussion and a tour of the building with a DPI official serving as leader for each group.

At 2 o'clock the teachers will report to the state PSEA headquarters building at 400 N. Third St. where they will spend an hour before boarding buses for home.

The teachers' Professional Planning Committee has been in charge of arrangements for the day. Cochairmen are Miss Carla Yost and Jacob M. Sheeds and other members of the committee are Hobart Benchoff, Richard Folkenroth, Charles Tressler, Paul Grove, John O. Brien, Edwin Longenecker, John Maloney, Richard Krick, Mrs. Marion Sloat, H. Edgar Riegle, Ronald Miller, Paul Burkholder, Mrs. Helen Williams, Mrs. Dorothy Sprigg, Charles Edwards and Miss Marian Shears.

Plans for the annual banquet April 21 and an all-day tour March 24 were outlined Tuesday evening at the meeting of the Gettysburg Young Farmers Association in Gettysburg High School.

Reservations for the all-day tour are to be made with Daniel Hoffman, President Irvin Conover told the 45 members present for the meeting. The trip March 24 will be made to the Chevrolet assembly plant and to a meat packing plant at Baltimore.

The banquet will be held at Grace Lutheran Church, Two Taverns. Turkey will be served. Tickets at \$1.50 a person will be mailed members.

SOROPTIMISTS HEAR TALK BY H. A. DORN JR.

"Communications means getting the right information to the right place at the right time," said H. A. Dorn Jr., district manager of the United Telephone Company, Gettysburg, at the dinner-meeting of the Soroptimist Club Tuesday evening at the Lamp Post Tea Room. His topic was "Communications, Yesterday, Today and Tomorrow."

Under "Yesterday" Dorn spoke of "Bell, teacher of elocution and teacher of the deaf. Research in sound led to transmission of sound over wire in 1876; the dial systems, A. B. Strowyer, patent filed 1889, designed to eliminate party line listening; 1892 first dial exchange in La Porte, Ind. Today — advent of a shining era of telephoning. All dial operation; defense mechanism; teletype; writers: TV - radio transmissions; auto answering devices; dial PBX; regulated industry — private enterprise. Tomorrow — what we can look forward to — global calling, satellite programs; electronic exchanges; date processing; automated services; TV - telephone, and push button dialing." Dorn showed a colored film entitled "Big Bounce," an experimental communication project called Echo, to determine if Teletar would be feasible.

30 AT DINNER

Thirty Soroptimists attended the dinner, with Miss Martha Stallsmith as toastmistress. Mrs. Harry Scott gave the invocation. The dinner was in charge of the public relations committee with Mrs. Violet Hill, cochairman, Mrs. Eleanor Griest, Miss Stallsmith and Miss Julia Peters, assisted by Mrs. Scott, Mrs. Mares Sherman and Mrs. Curtis Flohr.

The business meeting was in charge of the president, Mrs. H. W. Baker. Mrs. Samuel Higginbotham reported for the classification and membership committee; Mrs. Sizer Burton, service objectives, read a letter of thanks from the Child Welfare director. She also discussed means of raising the club's quota for the Soroptimist Foundation endowment. Dr. Elizabeth Gregg, public affairs committee, announced a dinner will be held March 10 at which time the Citizen's Award of the Soroptimist Foundation to the high school senior will be announced. She said an additional name had been added to the list, Miss Darlene Wonders, York Springs, from the Bermudian Springs High School.

The club has been invited by the Carlisle Soroptimist Club to its birthday anniversary party March 17. Reservations are to be made by March 10.

The draw prize was donated by Mrs. George Boehner and won by Mrs. Griest.

Tobey's Will Hold Grand Opening Of Its Remodeled Store Thursday Evening

"It's as fresh as a spring bud . . . refreshing as a mountain stream."

That's the only way to describe Tobey's newly-remodeled store at 30 Baltimore St., where designers have moved a bit of Adams County's early architecture inside to remind patrons of the contributions made by their ancestors in molding the nation's future.

Bright, modern lighting is supplemented by reproductions of authentic antique coachlights; walls are decorated in gold and silver scrolls on colonial white backgrounds; louvered doors and "shutters" add a touch of outdoors to the atmosphere of space and relaxation.

California redwood siding is used to effect early American architecture, and distressed wood posts support the recessed display areas for ready-to-wear fashions. New display cases of white, gold and distressed wood have replaced the conventional

NEW DRESSING ROOM

Soft, muted tones provide the perfect background for this season's pastel colors in fashions, and a bright blue carpeting in the ready-to-wear department adds glamor and comfort to the additional space. Floor area has been increased by nearly a third to provide greater display facilities, more spacious dressing rooms and greater shopping comfort. Suspended folding gold mirrors are reminiscent of the Victorian era, welding the decorator period of the past 100 years into a comfortable and outstanding decor.

The new Tobey's this year marks more than 22 years in Gettysburg, and this latest expansion is significant of the strides in local fashions during that period. It is the ultimate

Final Concert In Chapel Tonight

The third and final concert of the 1963-64 series of the Gettysburg Concert Association will be held this evening in Christ Chapel with William Warfield, bass-baritone, presenting a program of operatic and spiritual compositions. He appeared on the local concert program several years ago.

Composers whose works Warfield will present include Purcell, Handel, Karl Loewe, Schubert, Faure, Bellini, Chopin and Debussy. He also will sing "Gone," by Sam Raphling; "I Hear An Army," by Samuel Barber, and "I Wish I Were," by Charles Strouse.

Negro spirituals will include Roland Hayes' arrangement of "The Passion of Our Lord," "Little David," arranged by Margaret Bonds, and "The Gold Band," Sam Raphling arrangement.

Under "Yesterday" Dorn spoke of "Bell, teacher of elocution and teacher of the deaf. Research in sound led to transmission of sound over wire in 1876

Greek Leader To Increase Cyprus Force

By ALEX EFTY
NICOSIA, Cyprus (AP)—Plans by President Makarios to increase his Greek Cypriot security force and disarm all irregulars on Cyprus has injected an explosive new issue into the crisis in the eastern Mediterranean.

The Greek Cypriot president said his order Tuesday to create a special 5,000-man police force was designed "not only for the island's security and return to normality, but also to face any other unpleasant situation."

In a move obviously aimed at the Turkish Cypriot minority opposing his Greek Cypriot regime, Makarios said any Cypriot carrying arms illegally would be disarmed and anyone attempting to import arms "will be prosecuted."

Turkish Cypriots immediately challenged the constitutionality of the order, which would raise the legal Greek Cypriot armed strength to nearly 7,000 men, about the size of the British peacekeeping force on Cyprus.

The Turkish Cypriots said that under the constitution the special force would have to be made up of 60 per cent Greek Cypriots and 40 per cent Turkish Cypriots.

Greek Cypriot officials said Turkish Cypriots would be welcome to join the force if they swear allegiance to the Makarios government and promise to defend the island's independence and territorial integrity.

Maj. Gen. R. M. Carver, commander of the British peacekeeping force, termed Makarios' order "a very clever document." He said it could be interpreted as a move to deprive persons in control of private armed forces of power, or a move to immobilize the Turkish Cypriot police by disarming everyone.

ARM CIVILIANS
Since fighting broke out between Greek and Turkish Cypriots in December, thousands of civilians have armed to form vigilante groups.

The Greek Cypriots outnumber the Turkish irregulars 4 to 1, and their armed irregulars have been estimated to number as many as 30,000 men and women. The legal armed strength of the Greek Cypriots numbers 1,200 police and 270 army troops.

Addresses Club
On Dr. Tom Dooley
Dr. Martin H. Cronlund, associate director of admissions, Gettysburg College, Tuesday evening reviewed "The World of Dr. Tom Dooley" before 30 members and five guests of the Adams-York Torch Club dinner meeting in Trinity United Church of Christ, E. High St. The speaker was introduced by Atty. John A. MacPhail, president.

The club observed a moment of silence in honor of Dr. Herbert H. Schmidt, a Torch Club member who died Tuesday morning in Harrisburg.

Dr. Cronlund traced Dr. Dooley's activities from his experiences as a young naval doctor in the Far East through his inspired work in North Laos where he established a hospital to combat native filth and disease and ease the sufferings of North Viet Nam refugees who had been crippled and maimed by the Communists. The young doctor died from cancer at the age of 34.

MISS WAGAMAN

Mr. and Mrs. Walter Wagaman, Littlestown, have announced the engagement of their daughter, Dorothy Jean, to Richard Edward Stahley, son of Mr. and Mrs. Robert Stahley, Gettysburg R. 2. No date has been set for the wedding.

Carl—Toms
Mr. and Mrs. N. Elwood Toms, LeGore, Md., announce the engagement of their daughter, Judith Faye, to James Lee Carl, son of Mr. and Mrs. Lloyd Carl, Mayberry. Miss Toms, a graduate of Walkersville High School, attended Towson State College and is presently employed at Trout's Food Market at Woodsboro. Mr. Carl, a graduate of Taneytown High School, attended the University of Maryland and is presently employed at Black and Decker, Hampstead. No date has been set for the wedding.

Hudson—Hauser
Mr. and Mrs. James H. Hauser, of Sandy Hill road, Chatham, N. J., announce the engagement of their daughter, Carolyn, to Philip H. Hudson, son of Mr. and Mrs. Philip S. Hudson, of R. 3, Frederick.

Miss Hauser is a graduate of Montgomery Blair High School, Silver Spring, Class of 1960. Mr. Hudson graduated from Northern High School, Dillsburg, Class of 1960.

Both are attending Gettysburg College and expect to graduate in June. A May wedding is planned.

100 STUDENTS ILL AT MOUNT

Most students at Mount Saint Mary's College returned to class today after gastro-intestinal upsets felled 100 of them Tuesday afternoon and evening.

The Rt. Rev. Msgr. Robert R. Kline, president of the college, said Dr. Forbes H. Burgess, Frederick County health officer, is conducting an investigation into the cause of the sudden illness.

Tuesday afternoon, several hours after the noon meal, the first students became ill and a number of them were seized by vomiting attacks. Some went to the infirmary, others to their rooms.

SUSPECT SANDWICHES
Dr. George L. Morningstar, college physician, was summoned and as the number of ill students increased Dr. W. R. Cadle, also of Emmitsburg, was called to assist. Dr. Morningstar said the illness began to taper off Tuesday night, and this morning most of the affected students had recovered completely and returned to classes. It was not necessary to hospitalize any of the students.

Dr. Burgess said the epidemic sounded "typical of staphylococcus food poisoning." The disease he said, is generally considered to be a mild form of food poisoning.

He said that he would not make a final decision as to the cause until after he has completed his investigation.

The students were served turkey salad sandwiches as part of the noon meal.

Bonneauville Adopts Tax Rate

The Bonneauville borough council Tuesday evening reset the tax rate at five mills on real estate and \$5 per capita and adopted a budget of \$5,329.27. President Richard Neiderer presided at the meeting in the council office.

Owners of salvage yards within the borough were reminded that permits must be obtained from the mayor by April 1. The ordinance requiring a salvage yard permit became effective January 1, but council reported that operators have failed to obtain permits to date.

Secretary-Treasurer Marcia Staub reported deposits for the month at \$900.78, with bills amounting to \$308.49. The treasury balance is \$1,672 in the general fund; \$823.69 in the light fund; \$897.19 in the highway fund. A \$3,000 certificate is on deposit at four per cent.

Council agreed to pay \$5 a day to an auditor to audit the treasurer's books. Five members were in attendance.

BENDERSVILLE SETS TAX RATE

The Bendersville borough council Tuesday evening voted to retain the same tax rate as last year, 12 mills for general fund and 11 mills for the water fund, and tentatively approved a budget of \$7,382.50 for 1964-65.

Council recommended that cars must be parked within six inches of the curb as required by state law and that property owners must remove snow from sidewalks within 12 hours after snow-falls.

Plans are being made to flush hydrants and the main line of the water system and to clean the reservoir within the next month.

William Sees Jr., borough engineer, was asked to present specifications for bids on a proposed project to surface Laurel Lane, Peach Lane and School Lane. If final plans are approved the work will begin in the spring.

The proposed budget includes \$8,246.48 expected income and \$5,051.50 expenses for the general fund and \$7,475.10 income and \$2,325.00 expenses for the water fund.

Council approved the payment of bills for \$308.06 including \$100.37 for street lighting.

85 AT SCOUTS' 2ND SESSION

Eighty-five attended the second session of the University of Scouting Tuesday evening at the former New Oxford High School for leaders of the Black Walnut and Conewago Boy Scout Districts.

Instructors for the Cub Scout session on "Den Meetings" were Loraine Eisenhart and Alton Laughman. For the Cub Scout session on "Pack Management," James Wright and Armin Hostetter were teachers.

Allen Dubbs, Scoutmaster of Boy Scout Troop 79 here, was instructor for the Boy Scout session on "Training Junior Leaders in Patrol Methods" and Dr. Richard Greenholt and Stanley Frock, of Littlestown, were in charge of the Exploring session on "Understanding Explorers."

Next Tuesday evening at 7 o'clock the third session will be held at New Oxford on the "Achievement Plan for Cub Leaders," "What Is Boy Scouting" and "Leadership" for the Boy Scout leaders and part two of "Understanding Exploring" for the Explorer leaders.

Runaway Boys Return To School

A 12-year-old Gettysburg boy, whom state police sought all night, showed up at school this morning and thus ended the search.

According to borough and state police the 80-pound, four-foot-seven-inch youth and another 12-year-old from Gettysburg R. D. ran away from home following school Tuesday afternoon.

State police located the two, one hitchhiking on the Emmitsburg Rd. and the other hitchhiking on the Lincoln Highway about 7 o'clock Tuesday night. The parents were notified and called for their youngsters.

The experience was apparently enough for one of the boys, but the other, after being returned to his home, took off again and police kept on the lookout throughout the night for the youngster.

This morning he arrived at school on time. Police said they did not know where the boy had spent the night.

ORCHARDISTS SWAP TIPS ON MANAGEMENT

Chemicals for thinning and weed control were recommended by speakers Monday evening at an orchard management meeting held by the county Extension Service at Biglerville High School.

George Schriver, Bendersville, said his 15 years of experience with chemical weed control led him to believe it is a help in orchard management. Experiments he made in various orchards sections showed that trees about which weeds were permitted to grow were eight to ten inches shorter and smaller all around than the trees in the test sites from which weeds were cleared. He held that the experiments showed that "weeds around the tree do rob the tree and hold them back." He sprays a three-foot area around the trees and prefers a boom-type sprayer, he said.

Fremont Kuntz, Gardners R. 2, reported success over a six-year period with chemical thinning. The process, he said, seems to work best on Golden Delicious and York Imperial. He placed chemical thinners on 125 acres of fruit in 1963, and plans to use it on 150 acres this year. "Most important is to cover the tree as thoroughly with the thinner as you would with any other spray," he held.

ON FROST CONTROL

Thomas O. Oyler, Gettysburg R. 3, reported on "Frost Protection." He said he had used old cans, drums and old tires as heaters in his orchards during frost and found none satisfactory, because the fires went out too quickly. He now uses commercial orchard heaters, places one heater for every two trees and said he gets good temperature control, since the fires burn seven or eight hours when needed. Cost of fuel oil to heat 11 acres of orchards last year was about \$600.

John F. Peters, Gardners R. D., spoke on site selection, and said that when picking an orchard site "the most effective use of the site for the next 25 years" must be considered. Cherry and peach trees, he said, should be planted on lighter soil, pears and plums on heavier soils, apples can adapt to any soil. Topography should be considered in order to get air drainage to prevent frost, he said. He added: "The last few acres devoted to orchard might better be used for a farm pond. If trees are planted it could create a larger frost pocket." He suggested consideration of sites in relation to spreading out the harvest time. Trees on the sunny side of a slope produce fruit a week or two ahead of those on a shady side of a hill.

HEAR PSU EXPERTS

Clair Winand, Aspers, spoke on interplanting, soil testing and use of cover crops. Reporting he plants trees 60 to the acre, he held that where possible new trees are planted in old orchards as the old trees are about to go out, thus the old trees are cut away as the new trees develop and the orchard never goes out of production. He reported using soil testing to fertilize in accordance with needs and listed the mixture of grasses he uses for a cover crop.

Dr. Carl Haeseler and Dr. Carl Bitner, from Pennsylvania State University, summarized the talks. Bitner also reported on experiments in leaf analysis at the state university and showed slides depicting the methods used for soil samples.

"PROPOSAL ANSWERED"

Let's be sweethearts from this moment... throughout all the coming years... let us put our hearts together... share life's joy and bitter tears... arm in arm we'll make the journey... living for each other's love... in this way we will be happy... riding fleecy clouds above... what could be more wondrous, darling... than a love bond, good and true... sincere friendship, deep devotion... you for me and me for you... if the picture I have painted... fills your heart with hopeful dreams... tell me what you think about it... bring fulfillment to my schemes... hold me close, you need not answer... I can see it in your eyes... let us plan now for a future... filled with tender lullabies.

HONORED ON ANNIVERSARY

Charges Dropped In Knifing Case

Charges of aggravated assault and battery and surety of the peace against Miss Nancy Washington, 19, of 19 S. Washington St., were withdrawn at a hearing Monday night before Justice of the Peace Robert P. Snyder when the two parties compromised.

The charges were brought by Miss Barbara Horton, 137 Breckenridge St. Costs in the proceedings were to be paid by Miss Washington.

Miss Horton alleged in her complaint that, when she arrived at her home Sunday at 2 a.m., Miss Washington was waiting for her on the porch, armed with a knife.

According to borough police, Miss Washington attacked Miss Horton with the knife and Miss Horton sustained a cut on the forehead before disarming Miss Washington.

Miss Horton told police that Miss Washington accused her of having a date with her boy friend.

DRIVER HELD

(Continued From Page 1)

lision. Neither could identify Blazetic as the driver. Mrs. Myers said she knew the same car had hit them both times because it had only one headlight.

Trooper Edward R. Williams of the state police barracks in Harrisburg and Dillsburg Police Chief Clyde R. King testified they smelled the odor of alcoholic beverages on Blazetic as he was sitting in his car at the accident scene. Chief King said he had examined the Blazetic car and found no bottles in it.

HAD TO BE STRAPPED

The defendant was termed "violent, very unruly, very uncooperative" at the accident scene by Williams, who said Blazetic had to be strapped down when taken away in the ambulance. Blazetic was treated at a Harrisburg hospital for a cut lip.

Williams testified that Blazetic later admitted to him that he had been drinking and quoted the defendant as calling his actions "gross negligence."

Dr. George E. Paulus, medical doctor in Dillsburg who was at the accident scene, testified he had difficulty examining Blazetic because he was uncooperative.

10 DAYS IN HOSPITAL

"I thought he had been drinking," Paulus said, but testified he could not say if the man's condition before the accident made it unsafe for him to drive. Blazetic had lost emotional control when he saw him after the accident, Paulus said. He agreed with Noll's question that this state could have been from shock because of the accident.

In his summary Noll pointed out that the commonwealth had presented testimony only to the "odor of alcohol" and not that the defendant had reacted as the result of alcohol.

Mrs. Myers was a patient in Harrisburg Hospital for 10 days from injuries received in the accident. Her nephew was treated at the hospital for multiple cuts.

in local shopping pleasure, assuring greater opportunity for shoppers to continue to be among the country's best-dressed women.

ENLARGED STOCK

Owned by Mrs. Shirley Dessen and Daniel Radbill, Tobey's constantly searches for the unusual in women's fashions. Highly-experienced in women's merchandising, the owners agreed to continue the distinguished practices of Mr. and Mrs. Tobey, who retired four years ago to reside in Florida, and constantly seek unusual fashions from New York and other fashion centers for quality merchandise and style. Famous-name brands are always present, but the owners also seek the creations of new designers and fashion experts.

The new interior provides a larger selection of coats, dresses, suits, sportswear and accessories than ever before to bring the smartest styles and fabrics to the wardrobes of their Adams County patrons.

The formal opening Thursday evening will feature a radio broadcast from the new store with Parker H. Cunningham, WGET manager, as master of ceremonies to describe the affair. Store employees will greet the guests with favors and refreshments will be served from 7 to 9:30 o'clock. Grand Opening days will continue through Saturday night with complimentary roses for the guests.

Staff members who will greet the guests include Mrs. Dessen, Miss Anna Mae Bigham, Mrs. Paul L. Dougherty, Mrs. Simone Sanborn, Mrs. John G. Rummel, Mrs. William R. Fisel, Mrs. John W. Bollinger, Mrs. Morris J. Kestenbaum, Mrs. Charles Sterner, Mrs. John Feaser and Mrs. Earl Q. Forry.

HELEN, Mont. (AP)—Crowd chief Henry Oldcote told the Montana Highway Commission Tuesday there is a natural rock formation the Indians always called hole-in-rock.

St. Joseph Senior Wins On Oratory

Miss Beverly J. Vigue, Washington, a senior at St. Joseph's Academy, McSherrystown, was first place winner in the Harrisburg Diocese oratorical finals held at Lebanon Catholic High School Sunday afternoon. Her topic was "The American Girl," in which she paralleled the life and virtues of a modern girl with those of Mother Elizabeth Anne Seton.

The Most Rev. Bishop Joseph Daley presided and presented two trophies to Miss Vigue. One was a traveling trophy for the winning school for one year, the other a personal trophy for first place.

Her success also entitles her to represent the Diocese of Harrisburg in the National Catholic Forensic finals, to be held in Denver, Colo., early in May.

Miss Vigue recently won the State "Voice of Democracy" contest sponsored by the Veterans of Foreign Wars.

plaque given by the Pennsylvania Young Farmers' Association. Dillon was announced as an "Outstanding Young Farmer" in the state at the annual convention of the group, but the plaque was not ready for presentation at that time.

Lyndale Brandon, chairman of the Farm-City Day committee, reported preliminary plans of his committee for the annual event to be held in August.

Associate County Agent Joseph Lutz introduced Bert Horn and Arthur Myers of Pennsylvania State University. Elmer Schriver introduced Philip Koch, Mechanicsburg, field representative for the Geigy Co. Koch spoke and showed films on "Weed Control and Growing Corn." He said control of weeds provides higher yields, increased profits and easier harvesting in corn.

President Conover made the following additional committee appointments: Ways and means, Horace Waybright and Donald Martin; social and recreation, Frank Bower; Farm-City, Albert Schultice and Thomas Clowney; refreshment, Charles Coffelt; membership, Francis Walker; program, Fred Andrews.

SOME STOCKS STRONG

NEW YORK (AP)—Selected issues were strong in a mixed stock market early this afternoon. Trading was active.

Gains and losses of most key stocks ranged from fractions to about a point.

The list was following the same pattern which prevailed Tuesday except that rails eased backward after topping the all-time high in the Dow Jones rail average in the previous session.

BEEF CATTLE DAY IS HELD

"To a large extent the old saying is true — you make your profit the day you buy your cattle for feeding," Adams County livestock raisers were told Tuesday afternoon at the annual Beef Cattle Day program held by the county extension association in the Moose Home, York St.

Robert Heilbron, president of the Livestock Exchange of the Lancaster Stockyards, told the farmers "Marketing is still the most important thing in livestock raising — at both ends. When you go to buy stock to feed make preparations before hand to know what you want. Get in the mood to buy. Your profit will be determined largely by what you buy. At the other end, study your method of marketing to get the most from the cattle you have fed. No matter whether you sell through a terminal market or at auction or to individual buyers, study the situation first, and then when you sell know the people you are dealing with."

Thomas King, extension specialist from Pennsylvania State University, told the farmers to "look over your operation before going into a lot of expense building for expansion. Study first what you have in the line of buildings and facilities. You may be able to expand your cattle feeding without any extra building." He told the farmers that buildings and facilities "should not cost more than \$100 a head, and try to hold it down to \$75."

Dr. William Adams, State University extension veterinarian, spoke on problems of internal parasites. Bruce MacLay, vice president of the Gettysburg National Bank, spoke on financing beef cattle operations.

TWO ARRESTED

(Continued From Page 1)

Chambersburg. The two men are accused of operating the same auto.

According to police the car, with Reese at the wheel, first came to the attention of the law when it sideswiped an oncoming car on a narrow road close to the Monterey Country Club, near Blue Ridge Summit, Monday night at 10:20. Ruth S. Toms, 44, of Cascade, Md., the driver of the second car, was quoted by police as saying that, after the collision, the car driven by Reese skidded off the roadway and stalled in a snowbank.

JAILED WITHOUT BAIL

Bobo then took the position behind the steering wheel, police said, and maneuvered the car in an effort to free it from the snowbank. It was then that he was taken into custody.

Both Reese and Bobo were arraigned Monday night before Justice of the Peace Allan E. Jennings on tipsy driving charges. Both were jailed in lieu of bond.

Police said the car the two men were operating was registered in the name of George W. Woodring, Fairfield R. 1. It sustained only \$5 damage. Damage to the Toms car was placed at \$25.

TWENTY-FIVE YEARS AGO

Churches Will Observe World Day Of Prayer: Two union services will mark the observance of the World Day of Prayer in Gettysburg Friday. In the afternoon at 2:30 o'clock the Missionary societies of the local churches will join to present a program in Christ Lutheran Church. In the evening at 7 o'clock a union Communion service will be held at the same church. The Rev. Donald Miller, of the Lutheran Theological seminary, will preach the sermon. All pastors of the Protestant churches here will take part in the program. The theme for the afternoon meeting will be "Let Us Put Our Love Into Deeds — and Make It Real."

Representatives of the Gettysburg churches, including the colored church and the Women's Christian Temperance Union, will have charge of the different periods on the program. Mrs. M. Hadwin Fischer is president of the Christ Lutheran Missionary society. It is the custom for a different society to sponsor the annual World Day of Prayer program and this year it was planned by the Christ Lutheran group.

Putman To Lead Child Welfare Work: The Rev. Dwight F. Putman, pastor of Christ Lutheran Church, was elected president of the Adams County Child Welfare Association at a meeting Thursday afternoon at the YWCA building of about 30 public officials and representatives of Gettysburg and county civic organizations. Mrs. Spencer W. Aungst, president of the Gettysburg Mothers' Club was named first vice president; Mrs. John K. Lott, R. 4, is the second vice president—Mrs. A. W. Geigley, Virginia Mills, secretary, and J. D. Miller, Biglerville National Bank cashier, treasurer. There was considerable discussion at the meeting about the most feasible means of financing the organization's work of placing county children in private homes, a service for which there has previously been no provision in this county. The group at Thursday's session, included the following: Judge W. C. Sheely; S. Luther Bantzley, president of the county commissioners; Miss Margaret McMillan, executive secretary for the county chapter of the Red Cross; Marsby C. Little, asst. supt. of Adams county public schools, and Col. J. L. Barton, executive director for the county public assistance board.

Hungary Bans Its Nazi Party: (By The Associated Press) — Hungary, France and Spain were the battlegrounds today in Europe's conflict between right and left. Hungary, taking apparently contradictory measures, struck heavily against extremists of both right and left — Nazis and Communists. She acted to eradicate her chief Nazi party; she signed the anti-Communist pact. In France, remnants of the leftist popular front made a final effort to block French recognition of Generalissimo Francisco Franco's regime as the legal government of Spain. While the war in Spain remained in suspense, strong indications appeared that recognition of the nationalists by both Britain and France was imminent.

Burgess To Inspect Buses: Burgess C. A. Today's Talk

THE POWER OF CHEERFULNESS

There are more people happy and energetic on a beautiful, crisp, sunny day than on one that is drab, foggy, or rainy. The sunny day lifts the spirit and gives cheer to the soul.

In like manner does the mind have power over the body. It can flood cheerfulness throughout every organ, stimulating and energizing each one, and giving tone to every part of the human organism. Thought can make one as happy and cheerful on an unpleasant day as it is natural to be cheerful on a pleasant day.

The greatest asset that we own is this brain of ours. It can make or unmake us. It is all a matter of the will. And this will belongs to us — to not one else. We can make it do our bidding. This will is centered in the brain and can rule there like a king. It can decide upon happiness or unhappiness. It manufactures the power that creates cheerfulness. It has more to do with our health and success than anything else.

"As he thinketh in his heart, so is he." Learn a man's thoughts — his habitual thoughts and you may be very sure that you know the man. Much as we have learned through science and investigation, we still remain very ignorant as to power of the mind to control our life course. The world is full of drifters — people who are forever, like Micawber, waiting for something to "turn up," while all the time they carry around with them the power to make things turn up.

Cheerfulness is really like the sunshine. When it is abroad it seeks out the dark places and keeps edging in, so that often in spite of ourselves and our unhappy moods, cheerfulness breaks through. It's that contagious!

One cheerful person can light up an entire room, or a town — or even a city. And there have been writers who have flooded the world with their cheerfulness — often from behind clouds, as in the case of Mark Twain and Charles Dickens.

Just Folks

HEEDLESS
Take time for friendship when you can.
The hours fly swiftly, and the need
That presses on your fellow men
May fade away at equal speed
And you may sigh before the end
That you have failed to play the friend.

Not all life's pride is born of fame;
Not all the joy from work is won.
Too late we hang our heads in shame,
Remembering good we could have done;
Too late we wish that we had stayed
To comfort those who called for aid.

The heedless moment robs us all
Of memories sweet to contemplate.
We hear a faint and feeble call,
But think we have no time to wait,
And later when the need is gone
We wish we had not hurried on.

Take time to do the little things
Which leave the satisfactory thought,
When other joys have taken wings,
That we have labored as we ought.

That in a world where all contend,
We often stopped to be friend.

To Study Taxes: A Gettysburg unit of the national consumers tax commission, a national tax-study organization of women, will be headed by Miss Mary Grove, it was announced today. Her appointment was made public at the Chicago headquarters of the NCTC by Mrs. Kenneth C. Frazier, commission president.

10,000 Attended Sportsmen's Show: The third annual Sportsmen's show closed Saturday evening in the former Citizen's Trust company building after a seven-day run which attracted crowds estimated at nearly 10,000 persons. Last week Gettysburg high school biology classes were taken through the show by Game Protector R. C. Anderson. Many sportsmen from neighboring counties came here to inspect the displays of trophies, firearms and sportsmen's exhibits.

The Russians trained mongrel dogs to pioneer the way for manned space flight. Pedigreed dogs lacked the necessary stamina and resistance.

Centennial Observance At Town Council Meeting On Tuesday; Same Tax Rate

Littlestown's growth in the last 100 years was illustrated graphically Tuesday evening when council members reset the real estate tax at 18 mills to adopt a budget of \$122,429.25 for 1964-65.

The action contrasted with minutes of the first meetings of council in 1864 when the tax rate was set at two mills per dollar of assessed real estate and additional income was derived from a variety of fines.

The first minutes were read by Borough Manager Roger Keefe as part of a 30-minute centennial observance of the founding of the borough council February 23, 1864. Rev. William R. Jones read an historical paper prepared by Lynn Keefe, a Freshman at Pennsylvania State University, before a group of approximately 25 local residents who attending the meeting in the borough building. Rev. David Kammerer gave the invocation.

The borough water system, originally discussed as early as 1865, according to the early minutes, occupied a large portion of Tuesday's meeting as present council members heard proposed plans for construction of an additional 350,000-gallon water tank to supplement the present water supply. A representative of Albright and Friel, engineers, said the new tank would increase water pressure throughout the borough to meet requirements of fire underwriters, and, in his opinion, would be adequate for the next 20 years. He estimated the cost of the tank, which would be located near the borough building, and 10-inch mains to the business and industrial areas of the borough at \$275,000-\$300,000.

ASK PRIORITY LIST
President Howard Myers asked the engineer to prepare a program on priority basis in order that council may determine the extent of the expansion program feasible at this time and recommended that a full report of the proposal be made at a joint meeting of council members, the municipal authority and the borough manager.

DAM TOO COSTLY
The engineer pointed out that the present storage tank, while it has a capacity of about 105,000 gallons, loses pressure after the water level falls 30 feet, providing only about 35,000 gallons of usable storage. He pointed out that fire underwriters require a supply to provide 1,750 gallons per minute for six hours for fire purposes. He said the proposed 350,000-gallon tank would provide gravity flow to the three critical areas of the borough, which include the business section, an industrial area at Lumber and Railroad Sts. and at Maple and Newark Sts.

An impounding dam was mentioned as an alternate plan but the engineer pointed out the expense of state-required equipment necessary to its operation. He said he has asked the state geological agency for a report on water from the "New Oxford geological formation" northwest of Littlestown.

Borough Engineer Leroy Winebrenner recommended a pre-stressed concrete slab covering for one of the existing wells and estimated the cost of materials at \$1,100-\$1,200. He suggested that borough employees make the installation. He also recommended a concrete block vault with reinforced top to meet council's request for a vault to be placed in the basement of the borough building for preservation of borough records. Myers appointed the utility, property and supplies and finance committees to work with Winebrenner.

\$300 FOR BICENTENNIAL
In reply to a request from Samuel Higinbotham, councilman and chairman of the Bicentennial Corporation sparking the commemorative program for 1965, council appropriated \$300 toward the expense of staging the observance and set aside an additional \$450 in the budget for later distribution.

Borough Solicitor Edward B. Buleit recommended that council revise its peddler's code to cover requests for permits during the bicentennial celebration. The recommendation was made in response to a proposed resolution sought by the Bicentennial Corporation for permission to issue peddler permits. Atty. Buleit advised that council should regulate the issuance of such permits.

In approving the \$122,429 budget, council allowed for a \$100 increase in the salary of Mrs. Helen Collins, night emergency operator, and will reduce the highway budget by \$1,300 as the result of a state highway cut from \$6,273.77 in 1963 to \$4,973.48 for the current year. The state reduced all borough

ANNUAL MINK STOLE DINNER PLANS READY

Plans were advanced for the mink stole dinner and other important items of business were discussed at the second February meeting of the Littlestown Junior Chamber of Commerce held on Tuesday evening in the chapter room at the Community Center.

The mink stole dinner will be held Thursday, March 12, at 6:30 p.m. in St. Aloysius Parish Hall. Robert C. O'Neill, New Cumberland, stated Jaycee first vice president, will be master of ceremonies. The evening's program will be interspersed with entertainment and special awards. Tickets are available from any Jaycee. The committee in charge of general arrangements consists of Paul F. Boller and Clyde W. Crouse, co-chairmen, Dean W. Bankert, J. Scott Zanger, Thomas R. Gouker, Gordon Warner and Wilmer Dutterer.

The new articles, amendments and by-laws to the constitution were approved by the membership. A proposed amendment calling for one director for every 10 members was adopted; therefore, the nominating committee elected Clyde Crouse as the third director; James O. Wolf and Fred L. Dutterer are the two previously nominated directors; a directors chairman will be elected by the board of directors in March.

The annual election of new officers will take place at the next meeting on March 10. Nominated were: Kenneth S. Ogg, president; Scott Zanger, vice president; Dean Bankert, secretary-treasurer; Richard Selby, state director.

Three new members were installed: Dean Shorb, Gary Little and LeRoy Kline. There was a discussion on membership in relationship to a drive and future chapter qualifications. President Selby announced that a regional meeting will be held in Camp Hill on March 15. The annual installation banquet will be held April 14 at Dutterer's Restaurant, when the speaker will be John McCausland, Camp Hill, state secretary.

Scott Zanger reported on the community attitude survey conducted by the chapter; the survey results were presented to the borough council at its session last evening and a compilation will later be released to the public.

The chapter will enter a float in the state Jaycee convention parade on May 1 in York. The state theme, "Jaycees — Young Men of Action" will be combined with Littlestown's slogan "Where Agriculture and Industry Meet," for the float. Cash awards will be given.

The local Jaycees will challenge the Taneytown chapter in bowling on Sunday at 2 p.m. at Bankert's and duckpin rolling in Taneytown. The board of directors will meet next Tuesday, March 3, at 8 p.m. at the Community Center.

Will Honor Pair At CC Banquet

Recognition will be paid to two Littlestown citizens at the annual banquet of the Chamber of Commerce on Thursday at 6:30 p.m. at Bankert's Restaurant, N. Queen St. The 100th anniversary of the incorporation of Littlestown as a borough will be noted.

Marvin F. Breighner, Chamber president, will present plaques to Arthur E. Bair Sr., near town, and Samuel E. Renner, M. St., for unselfish service to the community through the years. Mr. Bair is a retired banker and Mr. Renner is a retired businessman.

The keynote speaker will be Dr. Charles Glatfelter, Gettysburg College dean and president of the Adams County Historical Society. There will be brief talks by Roger J. Keefe, borough secretary-manager, and Paul E. King, supervising principal of the Littlestown Joint School System.

Chester S. Byers will serve as toastmaster and introduce a number of invited guests. There will be vocal selections by the Littlestown Junior Woman's Club sextet. The public is invited to attend. Tickets may be secured from any member of the Chamber, Marvin's Cut-Rate Store, Littlestown National Bank and the Adams County National Bank.

SCOUT TROOP MEETS
Advancement work continued at the meeting of Boy Scout Troop No. 84 at the Community Center on Monday evening. Scoutmaster Edgar A. Wolfe and Assistant Scoutmaster Victor L. Reynolds and Robert Hahn supervised. The Scouts will meet again next Monday at 7:30 p.m. at the Community Center.

The Lenten Story

BY WOODI ISHMAEL

THE POOR YOU ALWAYS HAVE WITH YOU

Two days before the Passover, Jesus was a hunted man. The chief priests and scribes were seeking ways to take Him by stealth and put Him to death. Despite their plans, Jesus went openly to dine at the house of Simon the leper in Bethany. There a woman came and anointed His head with expensive ointments. Some of the guests grumbled that it might have been better for her to sell the ointment and give the proceeds to the poor. Overhearing them, Jesus came to the woman's defense: "Let her alone. Why trouble ye her? She hath wrought a good work on me. The poor you always have with you and whosoever ye will ye may do them good: but me ye have not always." (Mark XIV:6-7)

GUARDSMAN IS PROMOTED

Sgt. Albert K. Poole has been promoted to motor sergeant, officers of the local National Guard unit announced today. He was selected to succeed Sgt. Donald E. Hobbs whose enlistment in the Howitzer Battery has expired. Sgt. Poole, a son of Mr. and Mrs. Albert E. Poole, Gettysburg R. 3, and an employee of Simpson Steel Co. and the Jack E. Howe service station, Buford Ave., attended an Artillery Motor Maintenance School at Fort Sill, Okla., from June 15 to September 15, qualifying with "a very high rating."

Three new members were accepted into the company: Paul L. Fitzwalter, Gettysburg R. 2, employed at Keystone Ridgeway Tile; John E. Kerrigan Jr., 366 E. Middle St., a self-employed sign painter, and Richard E. Clabaugh, Bonneville, an employee of M. A. Hartley Co. There are still four vacancies in the unit. It was announced that tickets may be secured at the door for the dance to be held by the Howitzer Battery April 4 at the Catholic War Veterans Post in Bonneville. Rudy Carroll's Orchestra will play from 9 to 1. The charge will be \$2 per couple. Robert E. Wills was transferred to the local unit from Co. GEN. WEIKERT WILL RETIRE

Major General John M. Weikert, USAF-Ret., a native of Adams County and well-known in Gettysburg, was guest of honor at a luncheon tendered him by the Aerospace Industries Association of America Tuesday noon, the occasion being the forthcoming retirement of General Weikert as head of the Washington office of United Aircraft International. He has been connected with the firm in this capacity since shortly after his retirement from the military service in 1953.

The luncheon was held in the Hotel Madison. Among the guests were George R. Laking, New Zealand's ambassador to the United States; air attaches from Australia, Austria, Denmark, NATO standing group from Germany, Greece, The Netherlands, Sweden, Switzerland, South Africa and Yugoslavia. They were all personal friends of the general. Personnel of the aircraft industry was present, representing almost every well-known aircraft manufacturing corporation in the country.

LOCAL GUESTS
J. M. Barr, president of the United Aircraft Corporation, and the ambassador from New Zealand, spoke briefly of the high regard they had for General Weikert and of the years he devoted to the industry. A framed copy of a resolution adopted by the aerospace group, also expressing its feelings of his devotion to the aircraft industry, was presented to the guest of honor.

Mayor William G. Weaver and Henry T. Bream, director of athletics at Gettysburg College, lifelong friend of the general, and Richard E. Walker, alumni director of the college, were also guests at the luncheon.

General and Mrs. Weikert's plans for the future include spending the winter months at their recently completed apartment near Orlando, Fla., and the remainder of the year at their Washington home.

It's Back To Carlisle On Thursday For Warriors After 79-65 Drubbing

Completely outplayed off the boards where they were out-rebounded 67-28, the Gettysburg High School Warriors were whipped by East Pennsboro 79-65 Tuesday evening in the Carlisle High School gymnasium, the victory giving the Enola outfit the second half title of the Blue Mountain League. Approximately 1,300 fans watched the game.

As first half champs the Warriors got another crack at the Panthers Thursday evening when they will again meet at Carlisle to decide the overall championship. In addition to the title, Gettysburg will be battling to become eligible for the District 3 PIAA playoffs.

Dave Snyder, the 6'7" center of the Panthers, and Larry Arnold 6'3", were the prime reasons for the Gettysburg loss. Snyder picked off 24 rebounds and Arnold 23 while the former dropped through 27 points, most of his 11 goals being of the short and tap-in variety.

THREE BRIEF LEADS

The Warriors held the lead just three times. Dick Finkboner sank a long shot to open the scoring and early in the second period Gettysburg led 18-17 and a little later 21-19 but at all other times East Pennsboro was on top.

It was nip and tuck in the first period when the score was tied five times, the last at 11-11 with 1:44 left. The Panthers then reeled off six straight points on a lay-up by Snyder, two free throws by Terry Arnold and another lay-up by Snyder to take a 17-11 lead.

A goal by Bob Deitz, fast break foul by Eddie Tilberg, foul by Kit Richardson and a long toss by Finkboner sent the Warriors ahead 18-17 after 1:43 of the second quarter. John Smith hit from the corner for the Panthers and Gettysburg went ahead for the last time on a long toss by Rad Schultz and foul by Tilberg. Just before the end of the half Snyder rimmed a pair of fouls and a goal to give the Enola tribe a 33-27 advantage at intermission.

Throughout the third period East Pennsboro maintained a lead of from four to 11 points. Mike Zeigler led the Panthers during the round with a total of 16 points while Richardson sparked Gettysburg with seven. Going into the final round the Warriors trailed 51-40.

RALLY ON PRESS

Early in the fourth quarter Coach Merrill Eckhart sent his team into an all-court press and the Warriors started to gain ground, pulling to within 57-52 with 4:47 remaining. However, East Pennsboro recovered and held on to finish strong via fine foul shooting as the Warriors fouled in their desperate efforts to secure possession.

Deitz landed 16 points to top the Gettysburg scoring, four of his goals coming in the final period. Finkboner followed with 15, four of his long tosses being made in the second period. Schultz was the Warriors' top rebounder with nine. He and Tilberg each landed 12 tallies.

Gettysburg is now 18-2 for the entire campaign while East Pennsboro is 17-4.

Calumet Farm Goes For Purse At Miami

MIAMI, Fla. (AP) — Calumet Farm, which hasn't won a stakes event in many months, tries today with Princess Arle in the \$50,000-added Black Helen Handicap and just might take the winner's share of \$39,455.

Princess Arle carries 112 pounds in the 1 1/4 mile midweek feature, including jockey John L. Rotz, second in jockey standings at Hialeah, and probably will be second choice to Mrs. R. L. Reineman's Smart Deb, the 6-5 favorite.

Smart Deb, packing top weight of 122 pounds with Bill Hartack, will be conceding her eight opponents from seven to 12 pounds but she won the Matron Handicap at the Black Helen distance last year and the Beaugay. She also won the recent Columbiana at seven furlongs and appears best at a mile or less.

WINNER EYES THIRD CROWN IN GOLF TOURNAMENT

By BEN THOMAS
Associated Press Sports Writer
NEW ORLEANS (AP)—Debonair Bo Winger, once again a part time player on the pro golf circuit, is the last swinger to have successfully defended a four championship.

That was last year when the 41-year-old Winger won his second consecutive victory in the New Orleans Open.

The prematurely gray Winger, in the play-for-pay ranks for 12 years, sets out Thursday to win a third straight crown at New Orleans, which has its richest jackpot ever this year with a \$50,000 purse.

In the modern era of golf—since World War II—only three other pros have done it.

Arnold Palmer turned the trick twice, winning both the Texas and the Phoenix Opens thrice in succession. Gene Littler did it in the Tournament of Champions and Billy Casper Jr. accomplished the feat at Portland, Ore.

Palmer and Casper, winner of the 1958 New Orleans Open, are both competing here this year.

Winger returned to the tour full time in late 1962 after a hunting trip to Africa. Thus far this year he has played in only two tournaments, tying for second in the Bing Crosby.

Winger isn't ready to talk too much about that third victory yet.

"I'll tell you more later in the week," he said. He carded a one-over par 73 in the pro-am Tuesday and his team tied for second, giving him a check of \$395.00.

The pudgy Casper copped top honors in the pro-am, firing a 69. He said the Lakewood Country Club course, a difficult 7,020-yard layout, played "90 per cent better this year than it did in 1963."

The 20-year-old Munich student had a clear lead in all six of the school figures, the last of which was skated Wednesday morning. His total points were 1,188.1 with 13.5 ordinals.

Karol Divin of Czechoslovakia was second with 1,170.8 points and 21 ordinals, followed by Alain Calmat of France with 1,158.0 points and 22.5 ordinals.

The compulsory figures count for 60 per cent of the men's singles title, which will be decided in the final free skating competition Thursday night.

Scott Allen of Smoke Rise, N.J., trailed behind the leaders in fourth place. He had 1,126.9 points and 43 ordinals. The 15-year-old youngster finished third in the Olympics at Innsbruck, Austria earlier this month.

Tommy Litz of Hershey, Pa., and Monty Hoyt of Denver, Colo., were eighth and ninth, respectively. Litz had 1,082.6 points and 74.5 ordinals while Hoyt wound up with 1,072 points and 84.5 ordinals.

Quebec Aces Gain On Hershey Bears

By THE ASSOCIATED PRESS
Quebec goalie Gump Worsley lost a shutout in the final minute but the Aces registered another key victory in Tuesday night's only American Hockey League game.

Larry Leach scored for Providence with 44 seconds to play as Quebec trimmed the Reds 3-1 and moved eight points up on second place Hershey in the eastern division battle.

Bill Dineen, Ed Hoekstra and Doug Harvey were the Aces' goal-getters. Quebec led John Hanna late in the game when the defenseman broke a thumb in a fight with Ed Mazur of the Reds.

G-BURG MAT TEAM DROPS EAGLES 37-2

Within about 20 minutes the Gettysburg College wrestling team walloped American University 37-2, Tuesday evening in the physical education building before a small crowd.

The match started at 8 o'clock and after two forfeits, five pins, one draw and 20 minutes the evening's mat entertainment was over. The Bullets turned in the same quick trick against the Eagles last year. Gettysburg is now 10-3-1 on the season while American has won one outing in 10 matches.

Chris Ebert went into the second period to pin his opponent in the 137-pound bout. Brian Schechterle, Ed Mason, Toby Mullin and Jeff Alnwick all recorded falls in the first period of their respective matches. American's lone two points came in the final bout of the evening, the heavyweight. Gettysburg's Ray Frick came from behind to draw Burke Byrnes 6-6 on a riding time point.

USES SECOND UNIT

Coach "Sprig" Gardner went the entire distance with his "second unit." The front line forces will have their work cut out for them when Gettysburg pulls down the curtain on its regular season here Saturday afternoon. The Bullets will entertain powerful Hofstra in a 2:30 o'clock engagement. The varsity contest will be preceded by the Freshman preliminaries.

The results: 123—Hayes Kline, G, won by forfeit; 130—Al Mitterling, G, won by forfeit; 137—Chris Ebert, G, pinned Jerry Glenn, 5:11; 147—Brian Schechterle, G, pinned John McCune, 1:50; 157—Ed Mason, G, pinned Frank Porputague, 2:30; 167—Toby Mullin, G, pinned Bob Wilson, 1:40; 177—Jeff Alnwick, G, pinned Jim Luckett, 2:17; heavyweight—Ray Frick, G, drew with Burke Byrnes, 6-6.

DUKE SPANKS WAKE FOREST BY 15 POINTS

By MURRAY CHASS
Associated Press Sports Writer
With 50 per cent of its perfection wiped out by Wake Forest, Duke's Blue Devils saw red. They weren't about to let the Deacons make them completely imperfect.

So the nation's fourth-ranked team went out Tuesday night and whipped Wake Forest 88-83, turning the game into a smooth tune-up for the Atlantic Coast Conference tournament next week.

Wake Forest had upset Duke 72-71 just a week before at the Deacons' home court in Winston-Salem, N.C. That loss halted Duke's 28-game conference winning streak.

Then Tuesday night, Wake Forest had a chance to end the Blue Devil's perfection at Durham, N.C. But when the contest was over, Duke remained unbeaten in 27 consecutive home games.

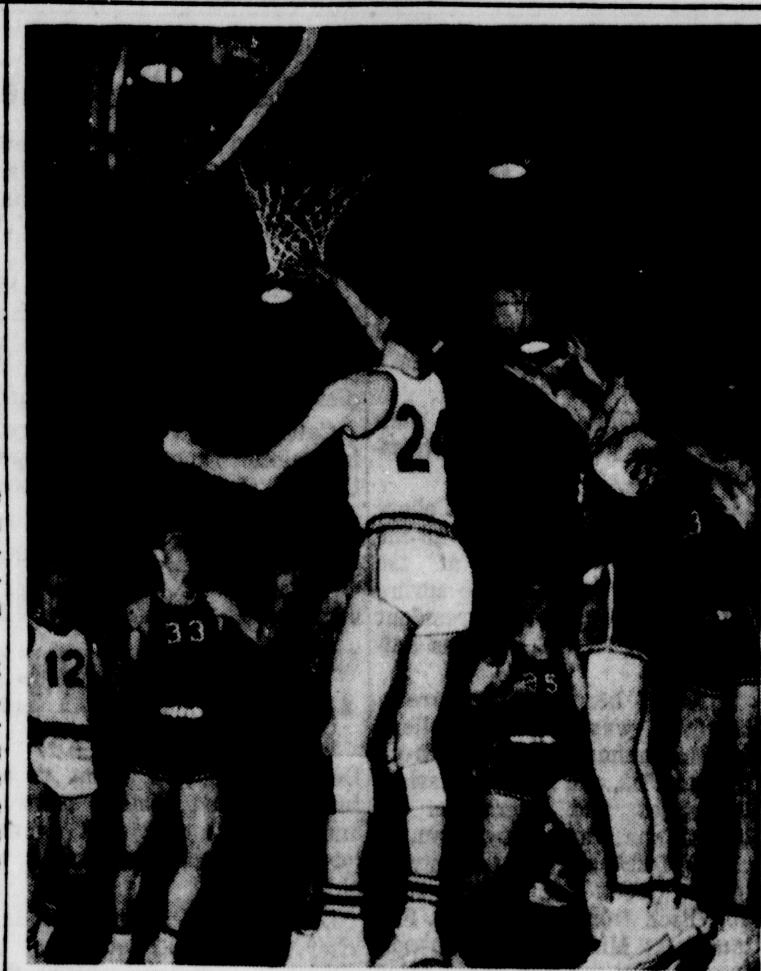

Coach Vic Cubas' team now is assured of keeping that streak at least until next season. The defending ACC champions have one regular season contest left, that at North Carolina on Saturday. They won't play at home again until sometime next winter.

CHEEKS NCAA BID
In the meantime Duke will try and get into the NCAA tournament where it went to the semifinals last year before losing to eventual-champion Loyola of Chicago.

Duke was the only member of the Top Ten that played on the relatively light basketball night.

In other contests, Connecticut clinched at least a tie for the Yankee Conference title, nosing New Hampshire 58-55, Texas A&M increased its Southwest Conference lead to two games with an 82-70 triumph over second-place Texas Tech, NCAA-bound Oklahoma City overwhelmed Centenary 105-80 and Western Kentucky upset La Salle 107-85.

CELTICS SNAP 3 GAME LOSING SKEIN 115-107

By THE ASSOCIATED PRESS
A recuperative visit to New York and a long-distance helping hand from Wilt Chamberlain have given the Boston Celtics breathing room at the top of the National Basketball Association's Eastern Division.

The Celts snapped a three-game losing string with a 114-102 victory over the Knickerbockers in the second game of a Madison Square Garden double-header Tuesday night. St. Louis held off Philadelphia 115-107 in the opener.

Cincinnati left its Eastern first-place hopes in San Francisco, where Chamberlain's 52 points paced the Warriors to a 117-108 decision over the Royals.

The Boston victory and Cincinnati defeat put 1 1/2 games between the sagging Celts and surging Royals in a surprisingly tight Eastern race. San Francisco remained two games up on St. Louis in the West.

Sam Jones and Tom Heinsohn sparked second and third period Boston point flurries and the Celts led by 31 early in the finale before easing up. Boston held a 62-48 margin at intermission and opened it up to 94-63 after three quarters.

HEINSOHN TOPS

Heinsohn was high for the Celts with 23 points. Bob Boozer with 23 topped the Knicks. St. Louis squandered an 18-point halftime bulge and took a slim 87-83 edge into the final period. Then John Barnhill hit four quick baskets and the Hawks pulled away.

Bob Pettit had 31 points for St. Louis. Hal Greer paced the 76ers with 29.

Cincinnati, which now has dropped two of its last 16 games, both to the Warriors, trailed 61-55 at halftime. Oscar Robertson scored 26 points for the Royals before fouling out with 10 minutes to play.

Tickets On Sale For Title Game Thursday Night

Tickets were placed on sale at Gettysburg High School this morning for the Blue Mountain League championship basketball game on the Carlisle High School floor Thursday evening at 7:30.

East Pennsboro copped the second half title by downing the Warriors 79-65 at Carlisle Tuesday to make another game necessary. Gettysburg was unbeaten in winning the first half honors.

Six hundred student and adult tickets have been allocated to each school at 50c for students and \$1 for adults. The sale will continue here until Thursday at 3:30.

For Tuesday's game a total of 540 tickets was sold here.

BRAVES WIND UP SEASON WITH 2 WINS

Gettysburg Junior High finished a successful basketball season by taking a pair of games from Biglerville on the latter's floor Tuesday afternoon.

Coach Don Bickel's varsity breezed to an easy 30-11 victory. It was the eighth win against six losses for the Braves.

Biglerville was unable to score during the first half while the Braves managed but eight tallies. Scoring picked up in the second half but the Bickel-men had little trouble in maintaining a comfortable lead.

Larry White and Kevin Hetrick swished nine and eight points to lead the winners. Clark topped the losers with three.

The Gettysburg reserves hung up their 13th win in 14 starts by routing the Biglerville Jayvees 33-9. A 14-3 lead in the first quarter made the victory easy. Both coaches employed their full squads as was done also in the varsity affair.

Biglerville will meet the St. Francis Xavier School eagles here Friday evening.

Greencastle came from behind in the fourth quarter and defeated Buchanan, 84-69, to capture the Franklin Division title on Tuesday evening as the Adams-Franklin league ended its season.

Greencastle will now represent the league as Class B champion in the District 3 playoffs. New Oxford, Adams Division champions, will represent the league in the playoffs as the Class C champion. In other Tuesday night action, Scotland upset New Oxford, 69-66; Littlestown easily defeated Fairfield 79-52; and Bermudian rolled over St. Thomas, 95-75.

Inasmuch as Greencastle and New Oxford are involved in District 3 playoffs, the league's championship game will be delayed until after the playoffs and will be held at a site in Franklin County.

COLONIALS JOLTED

In the game at Scotland, New Oxford led by 10 points at halftime, but Scotland roared back in the second half to reduce the margin and finally pulled out the victory in the final minutes of play. The loss does not affect New Oxford's position as Class C champion or as the Adams Division champion.

Jerry Walsh led Scotland with 28 markers in the upset win. Jack Sneddon and Bill Dubbs paced New Oxford with 17 points apiece. John Harner chipped in with 16 for the losers.

Scotland also won the preliminary game by nipping the New Oxford junior varsity, 43-42, in a thriller.

Littlestown had no trouble with Fairfield, as it rolled up a 73-32 score by the end of the third period. Coach Jack Bream then began to substitute freely and Fairfield outscored the Bolts, 20-6, in the final period to reduce the margin of victory.

Littlestown shot 47 per cent in the romp. They were paced by Terry Arbogast who had 26 points. Jim Blocher added 16 to the winning cause. Arbogast also pulled down 15 rebounds for the Bolts. Fairfield, hitting on 22 out of 73 shots

EXPECT O'HARA WILL SET NEW MILE RECORD

By CHARLES CHAMBERLAIN
Associated Press Sports Writer
CHICAGO (AP)—Over a muddy, filth-littered alley, over railroad tracks, over factory parking lots, over lawns, over bridge paths and parkways near busy Lake Shore Drive, over beaches of Lake Michigan runs Tom O'Hara.

The broth of an Irish lad runs, runs, runs, runs—70 to 100 miles a week. Then he runs a record indoor mile in 3:56.6 over the board oval of Madison Square Garden.

He and his coach, Jerry Weiland, are convinced he can run around 3:53 outdoors, smashing the world mark of 3:54.4 held by New Zealand's Peter Snell.

PREDICTS 3:53
"Given ideal weather and track conditions, and competition from a sub-four minute field of runners, Tom will do a 3:53 or 3:54 this summer in California," Weiland said today. "He is capable of running three-quarters under 3:00 and still have a kick left to take the last quarter in :55 or a little less."

At 130 pounds, red-haired O'Hara is a bag of bones held up by well-developed legs and thighs.

"I'm not thinking about records," said the soft-spoken, unassuming Loyola of Chicago business senior, "I just want to make the U.S. Olympic team, and make a good showing in Tokyo. I honestly think I can do 3:53 outdoors. But my only thought is to run to win."

MORE INDOOR MEETS
Before starting outdoor competition, he will enter three more indoor meets—the Knights of Columbus in New York Feb. 27, the Chicago Relays March 6 and at Cleveland March 14.

In this day of great milers who adhere to rigidity of training and diet, the 5-foot-8 inch O'Hara is a nonconformist. He regiments himself only by running.

Outside of a vitamin and wheat germ pill daily, he is strictly a meat-and-potatoes man. He never had had a thorough physical examination.

His university hasn't even got a track or field on which to practice. The team works out in the Chicago Army, and when O'Hara jogs around on the dirt there, he has to keep out of way of polo ponies.

ENROUTE TO SEE ILL WIFE; DIES

UPPER BLACK EDDY, Pa. (AP)—A chief engineer aboard a tanker who was flying home to visit his injured wife was among the 58 persons killed Tuesday in the crash of an Eastern Air Lines jet in Lake Pontchartrain near New Orleans.

He was identified by the airlines Tuesday night as Sherman J. Donovan Jr., 41, of Upper Black Eddy R. 1, Bucks County, chief engineer in the Marine Department of Sinclair Oil Co.

He was assigned to the S.S. Amtrak which was enroute from Marcus Hook, Pa., to Galveston, Texas.

Donovan's wife, Merle, 39, suffered a broken jaw last Saturday when her auto crashed into a tree near her home. She was taken to the Mercer Hospital in Trenton, N.J.

Donovan was notified while aboard the tanker off New Orleans and made arrangements to fly home.

WILSON GRAD PASSES AWAY

CHAMBERSBURG, Pa. (AP)—Funeral services will be held here today for Dr. Mary Belle McElwain, former professor and administrator at two of the most well-known women's colleges in the East.

Dr. McElwain, 89, died Sunday at a Gettysburg convalescent home.

A graduate of Wilson College here in 1895, she served as the institution's historian at the time of her death. In the spring of 1950 she was acting president and during 1942-46 she was acting dean.

Most of her teaching career, however, was at Smith College in Massachusetts where, from 1910 to 1942, she taught classical languages and literature. In 1941-42 she was acting dean.

Dr. McElwain was an instructor in Greek and mathematics at Wilson from 1895 to 1903. She taught at Miss Wright's School, Bryn Mawr for five years prior to doing her graduate work at Cornell University.

Police said Mrs. Mary Micicic and her sister were doing a \$1,500-a-week numbers business. Mrs. Micicic was released in \$1,000 bail by Alderman Lawrence Palmer. Her sister was turned over to juvenile authorities.

PHILADELPHIA (AP)—Picketing was renewed Monday at the Gaston Presbyterian Church after a breakdown in negotiations to end public school classes in the church. Three ministers from the United Church of Christ said they ordered the picketing because Gaston Church authorities would not agree on a statement asking the Board of Education to halt classes. The United Church ministers charge that the board leases the church to further racial segregation.

PHILADELPHIA (AP) — The Woman's Hospital Nursing School, believed to be the oldest in the nation, closed Monday. Five members of its junior class will transfer to Germantown Hospital and seven senior members will transfer to Frankford Hospital. Nine other student nurses are still undecided about their future.

PHILADELPHIA (AP)—More than 1,200 cases of coffee were stolen Monday from a trailer truck in the yards of the Miller Transport Company. Police said the coffee was valued at \$20,000 and was consigned to General Foods, Newark, Del. The truck was owned by Mardas Motor Freight Inc., of Essington, Pa.

PHILADELPHIA (AP)—Four boys have been sentenced for 20 house burglaries that netted \$4,000 in cash, jewelry, guns, cameras and transistor radios last January. Police said the thefts took place in Philadelphia, Delaware, Chester and Montgomery counties. Ibert DeLillo, 16, and Charles Hous-

Crews Replace Leaky Gas Lines

TIONESTA, Pa. (AP)—Crews began working Tuesday to replace gas lines containing three small leaks in this Forest County town.

Harold Wagner, head of the Tionesta Gas Co., told newsmen the leaks were found Monday under the main street. He predicted more leaks will be found.

Calcium spread on the streets in winter apparently seeped through to the pipes and rusted them, Wagner said.

HORSEMEN FIND YOUNG CAMPER

PRESCOTT, Ariz. (AP) — Dennis Hargus, 9, went to an Indian guide winter powwow and passed a test that would have been tough on guides of old.

Dennis was found Monday after spending 30 hours lost in mountain country where the temperatures dipped to 12 degrees.

The third grader from Mesa, Ariz., was at YMCA camp 13 miles south of Prescott on a father-son outing Sunday when he decided "to find some deep snow."

He left camp at 9:30 a.m. and at nightfall still had not returned. Some 300 persons set out to find him.

BUILT SHELTER

Late Sunday afternoon Dennis built a shelter of logs and brush and "went to bed early." He was dressed in a sweatshirt, trousers and low-cut shoes and carried no food.

Two men on horseback found him Monday afternoon. Apparently suffering only from a few scrapes and bruises.

"I sure am tired," was Dennis' only reaction.

But his father was more emphatic about the incident.

"It was a miracle," said William Hargus.

SAYS SOLONS WILL SET MARK

WASHINGTON (AP) — Rep. Carl Albert, House Democratic leader, predicted that Congress would adjourn in midsummer "with one of the best records of any Congress in history."

"We should be able to finish all of our work and get out of here before the political campaigns get under way in September," the Oklahoman said in an interview.

"As far as the House itself is concerned," Albert said, "we are over the legislative hump. We have already this year passed the most far-reaching civil rights bill in history and a \$16.9-billion military procurement measure. The tax bill which the House passed last year will be on the President's desk by the end of this week."

Albert noted that a timetable announced by the Appropriations Committee calls for final House action on all money bills before the end of the fiscal year on June 30. The first bill is due to reach the House floor late this week.

FRANK LARY SIGNS FOR 10TH FULL SEASON

By MURRAY CHASS
Associated Press Sports Writer
Frank Lary, veteran Detroit pitcher who gave his sore arm minor league treatment last year, hopes it returns to major league caliber this season.

Lary, who signed a contract for his 10th full season Monday, has been working out daily at Lakeland, Fla., aiming to get back to the form that enabled him to win more than 20 games two times.

The New York Yankees want him to succeed like they want to see Sandy Koufax again this fall.

BEAT YANKS OFFENER

The right-hander, who will be 33 just before the season begins, has whipped the Yankees more times than any other active pitcher. His career record against the perennial American League champions is 28-13.

Last year, though, the Yankees escaped Lary's wrath as did most every other team. Lary never recovered from a sore arm he suffered in 1962 and, as a result, spent some time in the minor leagues — Knoxville of the Sally League to be exact.

Before leaving, Lary was 0-2 with Detroit. After winning seven of nine games at Knoxville, he returned to the Tigers and finished with an over-all mark of 4-9 and a 3.38 earned run average.

TOPS IN '54

That, of course, was far below the standards he set in 1956 when he won 21 and lost 13 and in 1961 when he was 23-9. His new contract slightly reflects that fact, reportedly calling for \$30,000, a \$2,000 cut from last year.

At about the same time in 1962 that Lary served a month on the disabled list with his sore arm, another American League pitcher, Baltimore's Steve Barber, also had a place on the list.

Barber was felled by mononucleosis and dipped to a 9-6 record. He came back last season, however, and became the first 20-game winner in the Orioles' modern history.

His 20-13 performance and 2.75 earned run average brought

World News

MOSCOW (AP)—Pravda today reported a mine explosion in the Soviet Union that caused loss of life, something the Soviet government almost never admits.

The Communist party Central Committee and the government sent condolences to families and coworkers of miners at the "Kapital" mine in the Vorkuta region. The party newspaper said methane gas exploded there.

The number of dead and the date of the accident were not given.

TORONTO (AP)—Queen Elizabeth's life will be in danger if she visits Quebec, a French Canadian Separatist leader said Monday night in the second such warning against the royal visit in October.

"Some of my own people are ready to let her know—and brutally—that she is no longer welcome in French Canada," Dr. Marcel Chaput told a meeting of the Young Men's Canadian Club. Chaput is a former leader of the Quebec Republican party, which wants to separate French-speaking Quebec Province from the English-speaking portion of Canada.

ATHENS, Greece (AP)—Both King Paul, 63, and Queen Frederika of Greece were reported improved Tuesday. The king left his bed for the first time since undergoing surgery for a stomach ulcer Friday.

The queen, 46, came down with pneumonia Monday after keeping a constant watch at her husband's bedside.

ROME (AP)—Italy's center-left government began putting its new austerity program into effect Tuesday with higher taxes on gasoline, cars and yachts. Premier Aldo Moro's coalition cabinet approved the measures as first steps in a program aimed at stabilizing Italy's deteriorating economic situation and halting inflation.

TRENTON, N.J. (AP) — William Gustafson, of Warminster, Pa., who has served three years of a 5-7 year sentence for manslaughter, is to be paroled, the New Jersey Parole Board announced Tuesday.

him an estimated \$5,000 raise to \$25,000. The 25-year-old left-hander also signed his contract Monday.

BEATLES UP RATINGS FOR ED SULLIVAN

By CYNTHIA LOWRY
NEW YORK (AP)—According to the A.C. Nielsen Co., the first appearance of the Beatles on Ed Sullivan's show of Feb. 9 was seen on television sets in an estimated 23 million homes and by close to 70 million people.

These gigantic audience figures, projected on the basis of samples made by Nielsen, catapulted the Sullivan show into the No. 4 position among the networks' top 10 programs.

If the ratings had been taken on the basis of only one Sullivan show—the Beatle program — it would have been at the top of the list, well ahead of the perennial winner, "Beverly Hillsbillies."

However, the ratings, considered by the industry to be the most authoritative, cover a two-week period, which pulled his average down.

The industry is now interested to know how the Sullivan show made out during the past two weeks, when he had the British rock 'n' rollers on both programs.

MOORE HAS OFFERS

If Garry Moore wants to work in broadcasting next season, he has all sorts of offers to choose among. He has been invited, among other suggestions, to return to the Baltimore station where he launched his career, and to "do whatever I want to do" on a Portland, Maine television station, near his summer place.

"I'm thanking everyone," the comedian noted today. "But what I really want to do is get away from Garry Moore for a while—after 30 years."

After June, it will be temporarily retired Thomas Garrison Morfit who is sailing his boat and sitting in the sun.

HADDONFIELD FIRE

HADDONFIELD, N.J. (AP)—Fire Monday destroyed a sprawling one-story building housing three home furnishing stores.

The blaze broke out near the Haddonfield Kings Highway business district, and for a time threatened the shops and businesses which line the historic thoroughfare used by British and American forces in the Revolutionary War.

SAY BUSINESS MOOD BETTER LAST 100 DAYS

NEW YORK (AP)—As President Johnson ends his first 100 days on the job, many businessmen say the business mood has brightened.

The consensus of business leaders interviewed on a cross-country tour appeared to be that whatever the precise reason and however long it will last, the business climate has turned sunnier.

This isn't a matter of partisan politics. It's a question of whether businessmen feel Johnson is running the country in a way that generates confidence and encourages business to expand, build new plants and make new jobs.

Ben S. Gilmer, president of Southern Bell Telephone & Telegraph Co. in Atlanta, says his firm's capital spending plans for 1964 had been \$403 million but have now been boosted to \$413 million.

In Denver, Cris Dobbins, president of Ideal Cement Co., said, "We are laying out capital plans today that I'm quite sure we would not be considering if things hadn't changed."

The change could prove to be illusory, however, some businessmen insist. It could involve a presumption that Johnson is more conservative than he will probably prove to be, said Neil Roberts, president of the Denver U.S. National Bank.

Edwin P. Neilan, president of the U.S. Chamber of Commerce, said recently that he is withdrawing support of Johnson because he feels Johnson juggled his budget to present a "false face of frugality."

But whatever businessmen finally conclude when they've had more time to study Johnson, most of the leaders interviewed said that the signs so far have been encouraging.

President Elmer Engstrom of Radio Corp. of America, a member of the Business Council that advises presidents, sought to describe what's happened.

"In business, we look for go signs and stop signs," he said in his office. "We watch for signs whether the administration is friendly or unfriendly to business. These are not things that can be supported by physical facts. But we get the feeling that President Johnson is friendly, and this assessment is being strengthened."

Dr. Engstrom continued in careful, measured language, "Mr. Johnson has shown himself to be determined. With the tax cut bill, there has been movement. He seems to get things done, you see."

In addition to the tax bill, Engstrom cites favorably Johnson's talk of economizing in government and reducing the federal deficit.

Stolen Shrimp Boat Returns To Florida

KEY WEST, Fla. (AP) — A shrimp boat stolen from Key West by an American who defected to Fidel Castro was back today.

Its owner, Charles Griffin of Savannah, Ga., brought it from Havana Monday night.

The 25-foot Johnny Reb was anchored off Key West pending immigration and customs routine.

The American who sought Cuban asylum, Dennis Kirby, 22, a California sailor, had said he was dissatisfied with American life and wanted to compensate Cuba for the seizure of four Cuban trawlers near Key West. The trawlers returned to Havana last Thursday.

PLAY ATTACKS POPE PIUS XII

NEW YORK (AP)—A Broadway play which accuses the late Pope Pius XII of failing to speak out against Hitler's mass murder of Jews has stirred controversy here even before its opening. During its European presentation, spectators leaped onto the stage to attack the actors.

The play's German author, Rolf Hochhuth, 33, who was a teen-age member of Hitler's Youth Corps, arrived Monday for the play's opening Wednesday night.

He said he hopes his drama, "The Deputy," is received "more factually and less emotionally" than it was overseas.

Pope Paul VI has labeled the play an unjust attack on Pope Pius, who died in 1958. Pope Paul said his predecessor was well known for "his compassion for human suffering, his courage and his gentleness of heart."

In the play, a young Jesuit priest confronts the pontiff with evidence of Nazi atrocities and pleads with him to issue a papal denunciation.

Pope Pius is depicted as replying: "A diplomat must see a great deal—and say nothing." He then reasons, in the script, that Hitler is a necessary barrier between Soviet Communism and the Christian West, and adds: "We must let him have a pardon so long as he is useful in the East."

Says Bus Crash Was Intentional

WHEELING, W. Va. (AP)—A Wheeling school bus driver says he intentionally swerved his loaded vehicle into another bus Monday to avoid plunging over a steep embankment.

The 65 children in Charles Bebout's bus and 45 children in the other escaped injury but both buses were badly damaged.

Bebout said his bus lost its brakes as he was coming down a hill. He said the other bus at the bottom of the hill was blocking most of the road.

James MARLOW Reports

By The Associated Press

WASHINGTON (AP)—It's becoming more of a puzzle than a war.

Nobody in this government, past or present, has given the American people a cold, factual report on what's happening or what's in store in South Vietnam. Various official statements create confusion.

South Viet Nam, after eight years of help from the United States in its war with the Red guerrillas of North Viet Nam, apparently is losing ground.

SITUATION WORSE

This country has over 15,000 troops there, supposedly as advisers although some have been killed in the front lines, and has pumped in over \$5 billion in aid.

Here are some points that puzzle Americans and probably Vietnamese, too:

Why haven't the latter done more to win? Can they ever do better? Is this country just going to go on rocking along with them? Will it finally give up and pull out? Or will it try to step up the war?

South Viet Nam has had three governments since October but the situation is worse now than before.

President Ngo Dinh Diem, who was in charge eight years but not successfully, was killed when a military junta took over in a coup. The junta was thrown out in a new coup by Maj. Gen. Nguyen Khanh.

REPORTS DISAGREEMENT

Last Jan. 27 Secretary of Defense Robert S. McNamara told Congress the situation was "grave." The next day he said "I am encouraged by the progress of the past two weeks."

Last week Congress released more of what he said: That even if the war does not go well we should still withdraw most American troops by 1965. He said the Vietnamese had the primary responsibility for winning the war.

Over the weekend one report from Washington said there was division between the Defense Department and the State Department on what to do. It said some State Department officials felt McNamara's statement on pulling out was bad public relations because it might encourage the Communists.

URGES NEUTRALIZATION

Also last week Sen. Mike Mansfield of Montana, the Democrats' Senate leader, applauded McNamara's pull-out idea and urged consideration of French President Charles de Gaulle's proposal to neutralize Viet Nam.

Neutralization has hazards, too. It could be interpreted simply as an American face-saving device for pulling out of a tough situation. Neutralization, once the Americans were gone, might open the door for a Communist take-over of all Viet Nam.

Then last Friday President Johnson said this country will continue to honor its commitment to South Viet Nam to help it fight communism.

ADDS A PUZZLE

Previously he had seemed to dismiss De Gaulle's neutralization idea but at another time he said he would look with sympathy on neutralization of all Viet Nam, North and South.

But Johnson added something else which was truly a puzzle. Pointing to those "outside enemies" who direct "terror and violence" against South Viet Nam, he said they "could do well to remember that this type of aggression is a deeply dangerous game."

But this is exactly the kind of aggression the North Vietnamese Reds have been using for years, except that recently they began assassinating Americans, too.

Was Johnson hinting at stepping up the war against North Viet Nam in some way, say

Want Study On Why Folk Start Smoking

CHARLESTON, W. Va. (AP)—West Virginia's official joint committee on smoking education says it will seek a federal grant to pay for its own private study of what causes people to start smoking.

State Health Director N. H. Dyer, cochairman of the committee, said antismoking campaigns need additional basic information if they are to bring results.

"You can't treat a patient without a good diagnosis," he said.

BIBLE READING BATTLE GIVEN COURT DELAY

LEWISBURG, Pa. (AP)—Opposing sides marked time today in the legal battle over efforts to block a rural Pennsylvania school board from making the Bible part of its curriculum.

U.S. District Court Judge Frederick V. Follmer put off a showdown on the issue Monday until after the proposed course actually goes into effect.

James N. Snavely, a 39-year-old father who objects to Bible reading in public schools, asked the court for a preliminary injunction against the Cornwall-Lebanon Suburban Joint School Board.

PROVIDE DAILY READING

Snavely, backed by the American Civil Liberties Union, argues that the proposal would be in direct violation of a U.S. Supreme Court ruling last fall outlawing compulsory Bible reading and prayer in public schools.

A resolution adopted Feb. 17 by the school would require that a 15-minute period be set aside each day for reading of the Bible as a "literary and historical" document.

The resolution replaced earlier action by the board leaving Bible reading and recitation of the Lord's Prayer up to the discretion of the individual teachers.

GIVEN GUARANTEE

Snavely's attorney, Gerald H. Goldberg, claimed the new resolution was a "legal device to continue Bible reading which has been forbidden by the U.S. Supreme Court."

Attorney H. Ober Hess of Philadelphia, representing the board, assured the court Bible reading has been discontinued while the resolution is under study.

With this guarantee, Goldberg agreed to the delay.

TAKE TESTIMONY

The decision came after three hours of testimony from Snavely, his 7-year-old son Eric, his 10-year-old daughter Victoria and three teachers from the Ebenezer Elementary School.

Under questioning by Goldberg, Snavely described himself as a "Protestant" but said he belonged to no particular religious denomination.

"I believe the prime element of religion is truth," he said. "I also believe in the golden rule of doing unto others what you would have them do to you."

Snavely said his wife and children are Lutheran, a religion based on the Bible.

READ BIBLE STORIES

"I feel it is my prerogative to take care of the religion of my children the way I see fit," he declared. "I don't think it should be up to public officials."

Two of the teachers—Mrs. J. Herbert Miller and Harold P. Swanger—testified that they read Bible stories, not the Bible itself, to their pupils prior to Feb. 18.

On Feb. 18, they said they were instructed by school officials through South Vietnamese guerrilla attacks on it? Or what? If the United States took part in a direct attack it might mean war with Red China.

NEW RULES TO GUARD MINORS

HARRISBURG (AP)—Minors under 18 years of age are prohibited from working with radioactive substances under new regulations adopted by the state Labor and Industry Department.

The regulations, drawn up by the department's industrial board, were announced Saturday and were effective immediately.

One new rule specifically prohibits minors other than "laboratory student aides in a supervised course of training and study" from working with radioactive material.

Other rules adopted by the board prohibit minors from being employed:

—In all occupations in roofing operations, except as qualified apprentices and student learners.

—In wrecking and demolition industries.

—In excavating work which exceeds four feet in depth, except in certain detailed instances.

CLARK PROMISES TO AID G. BLATT

HARRISBURG (AP) — Sen. Joseph S. Clark, D-Pa., has promised to campaign "vigorously" for Miss Genevieve Blatt, who is seeking the Democratic nomination for the U.S. Senate.

Miss Blatt, state secretary of internal affairs, is running for the seat now held by Sen. Hugh Scott, R-Pa. In her bid for the nomination she is opposing State Supreme Court Justice Michael A. Musmanno and David Roberts, Allegheny County prothonotary.

Musmanno has the support of the State Democratic organization.

Clark was here Monday to attend a meeting of the State Planning Board and "to make campaign arrangements with Miss Blatt."

Blatt said she did not read the Bible to her class at all on Feb. 18.

She added, however, that she was told by the principal, Edwin Beaver, if she did not comply with the board's wishes on the issue, she should consider resigning.

Steelworkers To Back Musmanno

HARRISBURG (AP) — Justice Michael A. Musmanno of the State Supreme Court will have the support of the United Steelworkers Union in his bid to win the Democratic nomination for the U.S. Senate.

The union's legislative committee Monday unanimously endorsed the party organization candidate at a meeting here. At the same time the USW, representing some 280,000 Pennsylvania steelworkers, asked Musmanno's opponents to withdraw from the April 28 primary.

Musmanno is opposed by Miss Genevieve Blatt, secretary of internal affairs, and David Roberts, Allegheny County prothonotary. Today was the deadline for withdrawal.

TESTIFIES HE SAW LIGHTNING STRIKE JET

PHILADELPHIA (AP) — The first officer of a National Airlines plane that was in a holding pattern about 1,000 feet above a doomed Pan American Boeing 707 was called to testify Tuesday before a Civil Aeronautics Board probing the crash.

G. C. Sutliff, the first officer, had radioed he saw the Pan American four-engine jet going down in flames at the time of the crash last Dec. 8 near Elkton, Md. Eighty-one persons were killed.

The scheduled four-day hearing got underway Monday with seven witnesses at the opening session.

SAW JET HIT

Maj. Harold P. McKinney, of Silver Spring, Md., told of witnessing the crash. He said he was driving through Delaware near Elkton bound for his Army station at Ft. Holabird near Baltimore when he saw a tremendous bolt of lightning strike the jet.

"I observed cloud to cloud lightning," he testified. "There was no bolt to the ground. It was bright enough to light up the whole area, which indicated to me that it was a powerful source."

"I first thought it was a meteor—it was such a big ball of flame. Then I made out the two burning wings... I never did see the fuselage."

McKinney estimated it took the plane about 30 seconds to crash.

28 WITNESSES

Another witness, Edward J. Carapezza, Pan American maintenance supervisor at Baltimore, testified that the jet showed no fuel leak or structural defect before it took off from Baltimore for Philadelphia on the fatal flight.

The plane crashed during a heavy thunder and lightning storm 24 minutes after the Baltimore inspection. The aircraft was in a holding position waiting for instructions to land at International Airport in Philadelphia.

Alan S. Boyd, CAB chairman, said it was the first Boeing 707 placed into commercial service and had been flying since October, 1958, until it crashed.

He warned CAB personnel they "are not permitted to express any opinions as to the probable cause of this accident."

Boyd said the board will hear the testimony of 28 witnesses and will discuss details of 30 exhibits.

SAILOR IS ABLE TO MOVE FINGER OF NEW HAND

BOSTON (AP)—An Ecuadorian sailor who received a hand transplant from a dead man was able to wiggle the fingers and move the hand immediately after the operation, say two Boston doctors.

The limb transplant is believed to be the first ever performed from a dead person.

Drs. Richard E. Wilson and Robert M. Goldwyn of Peter Bent Brigham Hospital, who were post operative consultants, told a news conference Monday night of the Feb. 13 operation conducted at Guayaquil, Ecuador.

The surgeons said the sailor, Julio Luna, 28, may be brought to Boston for further treatment.

BOSTON SURGEONS

Wilson, a member of Brigham Hospital's kidney transplant team, and Goldwyn, a specialist in reconstructive hand surgery, were invited to Ecuador as consultants.

The surgeons said Luna lost his right hand just above the wrist in a hand grenade explosion. Doctors contacted the family of a dying man in another hospital and permission was given for the transplant. The man died several hours later and his right forearm was removed.

The operation was headed by Dr. Roberto Gilbert, chief of surgery at the Clinica Guayaquil.

Jury Asks Life For Erie Slayer

ERIE, Pa. (AP)—An Erie man was faced today with life imprisonment on a conviction of first degree murder in the rape slaying of a 61-year-old woman.

John H. Willman, 37, charged with the 1960 killing of Mrs. Laura Mutch of Erie, was convicted Monday night in Erie County Criminal Court.

The jury fixed the penalty at life in prison on the recommendation of Dist. Atty. Edward H. Carney.

Formal sentencing was deferred pending a possible appeal.

Police said Willman was arrested on an attempted rape charge last summer and later admitted killing Mrs. Mutch.

MCGINN TO QUIT

PHILADELPHIA (AP)—Frank C. P. McGinn, Philadelphia bank executive, says he plans to step down as chairman of the State Republican Finance Committee within a month after the November presidential election.

Meanwhile, McGinn announced Monday, a meeting of the full finance committee has been called for March 5 in Philadelphia to discuss operational and policy-making matters.

Former infielders Ray (Ike) Boone and Bobby Doerr are Boston Red Sox scouts.

BURNING CROSS ADDS URGENCY TO RACE FIGHT

PRINCESS ANNE, Md. (AP) — A midnight explosion and a burning cross lent fresh urgency today to informal attempts to mediate a festering dispute over restaurant segregation.

Members of the town's biracial committee planned to speak privately to restaurant owners who refuse to serve Negroes.

Committee members were hopeful racial bars would be lowered voluntarily.

Student integration leaders had called a one-day halt on demonstrations to give the committee an air of quiet in which to work.

BOMB HOME

Monday night a bomb exploded outside the Princess Anne home where a student leader lives.

The bomb dug a shallow hole in the yard of Leon Gates, an accountant at Maryland State College.

Gates, his wife, and their two daughters were in the house when the bomb went off. No one was injured.

Gates is the uncle of John Wilson, 20, a Maryland State junior who has been leading Negro student demonstrations against the restaurants since last Thursday.

An hour before the explosion a cross was burned on the practice football field of the college, whose enrollment is 90 per cent Negro.

NEW ACTION NEAR SAIGON

SAIGON, Viet Nam (AP) — South Vietnamese forces launched a large operation in the Cambodian border area 120 miles west of Saigon Tuesday. Heavy initial contact with the Communist Viet Cong was reported.

Only sketchy reports of the action were available, but it appeared the engagement was the heaviest since the lunar new year holidays last week brought a lull in the fighting.

Meanwhile, the U.S. Embassy is canvassing American officials in South Viet Nam for ideas on how to press the war against the Viet Cong.

Americans attached to the U.S. aid mission and other departments have been sent a circular asking for ideas on improving tactics and techniques, improving present operating methods, procedures that should be eliminated, organizational improvement, and new ways to harass the Viet Cong.

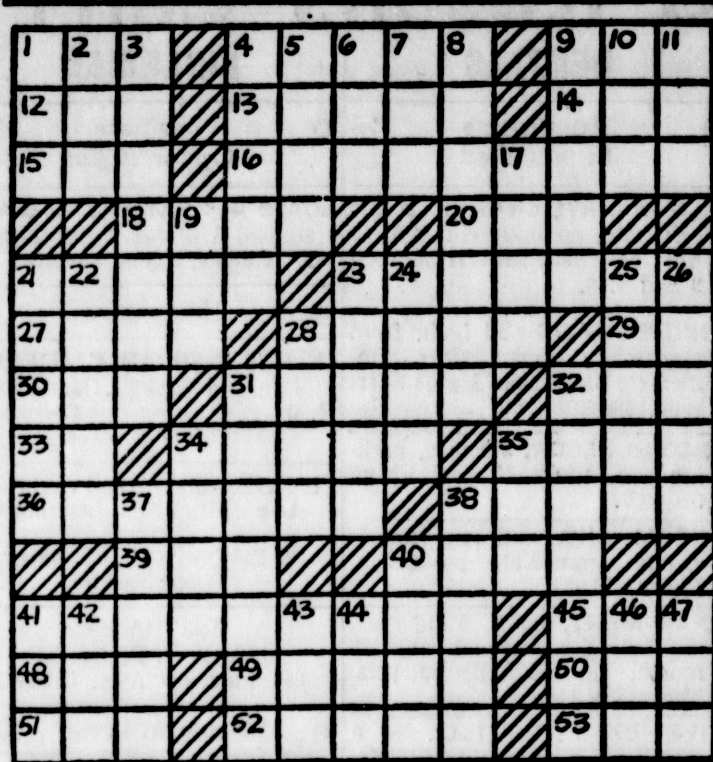

A U.S. official pointed out that many Americans have served here for long periods.

BUDDHIST BURNS WERE ACCIDENT

HONOLULU (AP) — An elderly Buddhist priest severely burned on the lawn beside his temple Sunday was the victim of an unfortunate accident, say Honolulu police investigators.

Officers have been unable to question the Rev. Kakuo Okimura 78, who is in critical condition in a Honolulu hospital with severe burns covering his body from the waist down. But the priest reportedly told his doctor he had poured some gasoline over some religious paraphernalia and the flames blew back at him when he struck a match.

Relatives who found the priest six hours after the incident said it is the practice in their sect to dispose of worn robes and religious articles by fire.

MOSCOW (AP) — The Soviet military newspaper Krasnaya Zvezda (Red Star) warned the United States and its Mediterranean allies that the new Polaris submarine base in Spain would invite nuclear attack from the Soviet Union in case of war.
